

Kristin Safran College Scholarship Fund

The Drinking Water Research Foundation (DWRF) created the Kristin Safran College Scholarship Fund in February, 2010, in honor of former IBWA Board of Directors member Kristin Safran (ARK Specialty Services), who passed away in 2009.

About the Scholarship

High school seniors ranked in the top 20 percentile of their class in high academic standing, who are the children or grandchildren of an IBWA member employee and plan to enroll in a full-time accredited four year college or university are eligible to apply for the \$3,000 scholarship award. DWRF will apply the award to tuition expenses for up to one year. We will begin accepting applications in spring, 2017.

2016's winner was Madelyn Trolinger, a freshmen at the University of Arkansas. All our winners have excelled academically along with having notable extra-curricular activities. We hope to have the same enthusiasm and support as we help to further a college student's drive to meet their goals. We appreciate the continued support from IBWA members.

To Make a Donation

The balance of the Kristin Safran Fund relies solely on contributions from IBWA members. If you are interested in making a **tax-deductible** gift to the DWRF Kristin Safran College Scholarship Fund, we have many easy ways for you to make a donation. Visit the www.thefactsaboutwater.org and click "make a donation" or mail a check to the "DWRF Kristin Safran Scholarship Fund" at 1700 Diagonal Road, Suite 650, Alexandria, Virginia, 22314. A donation of any size is greatly appreciated and your contribution will impact future generations in the bottled water industry that Kristin loved and was dedicated to supporting.
