WHAT IS THE IBWA PAC?

IBWA PAC is the political action committee for the International Bottled Water Association (IBWA). The PAC was created to help protect and promote the interests of IBWA’s members and the bottled water industry. This is done through building relationships with policymakers and educating legislators about issues impacting bottled water. The PAC is used as a tool to support the election of candidates who understand the issues we face and will support sound public policies affecting our industry. For more information on the IBWA PAC, visit https://bottledwater.org/pac.

WHO CAN PARTICIPATE?

IBWA can ask for contributions to the PAC from only those member companies who have submitted their authorization to solicit. Submitting this form will allow IBWA to ensure that members are kept up to date not only on PAC events and activities, but how the PAC is being used to strengthen relationships with Members of Congress. To submit your company’s authorization to solicit, go to https://ibwapac.com/welcome/prior-approval or fill out the form following this page.
